

ROCK GUARDS

FOR THE ULTIMATE PROTECTION!

Smart Fabrication Rock Guards provide additional operator protection and guard against costly window damage during normal everyday operations.

- Provides **safety from theft and damage** from the interior of machinery.
- Suitable for all larger machinery including excavators and backhoes.
- Safeguard against **unauthorised entry** into machine when not in use.
- Avoid lost time and inconvenience associated with the **replacement of smashed windows**.
- Available to **suit all makes and models** of Skidsteers and Bobcats.
- Can be **custom made** to fit many makes and models of machinery.
- Guards are **easily installed & removed** using hanging pins & stainless steel lock pins suitable for up to 40mm padlocks.

Combine with Smart Fab's Light Guards, Camera Guards & Vandal Guards for the ultimate protection for your machine
